100/reviewer

Accepted	545	10 plenaries
		40 invited
		240 posters

Rejection rate	20 %
----------------	------

IRMMW-THz 2013

Shocklogic:

- Useful program for abstract handling
- Make sure that all possible fields are filled out (later changes are difficult)
- Program is not intuitive
- Still some “bugs” in the program
- Possibility to check all inputs is missing
- Abstracts would be helpful
- Program guide has to be done **manually**

IRMMW-THz 2013

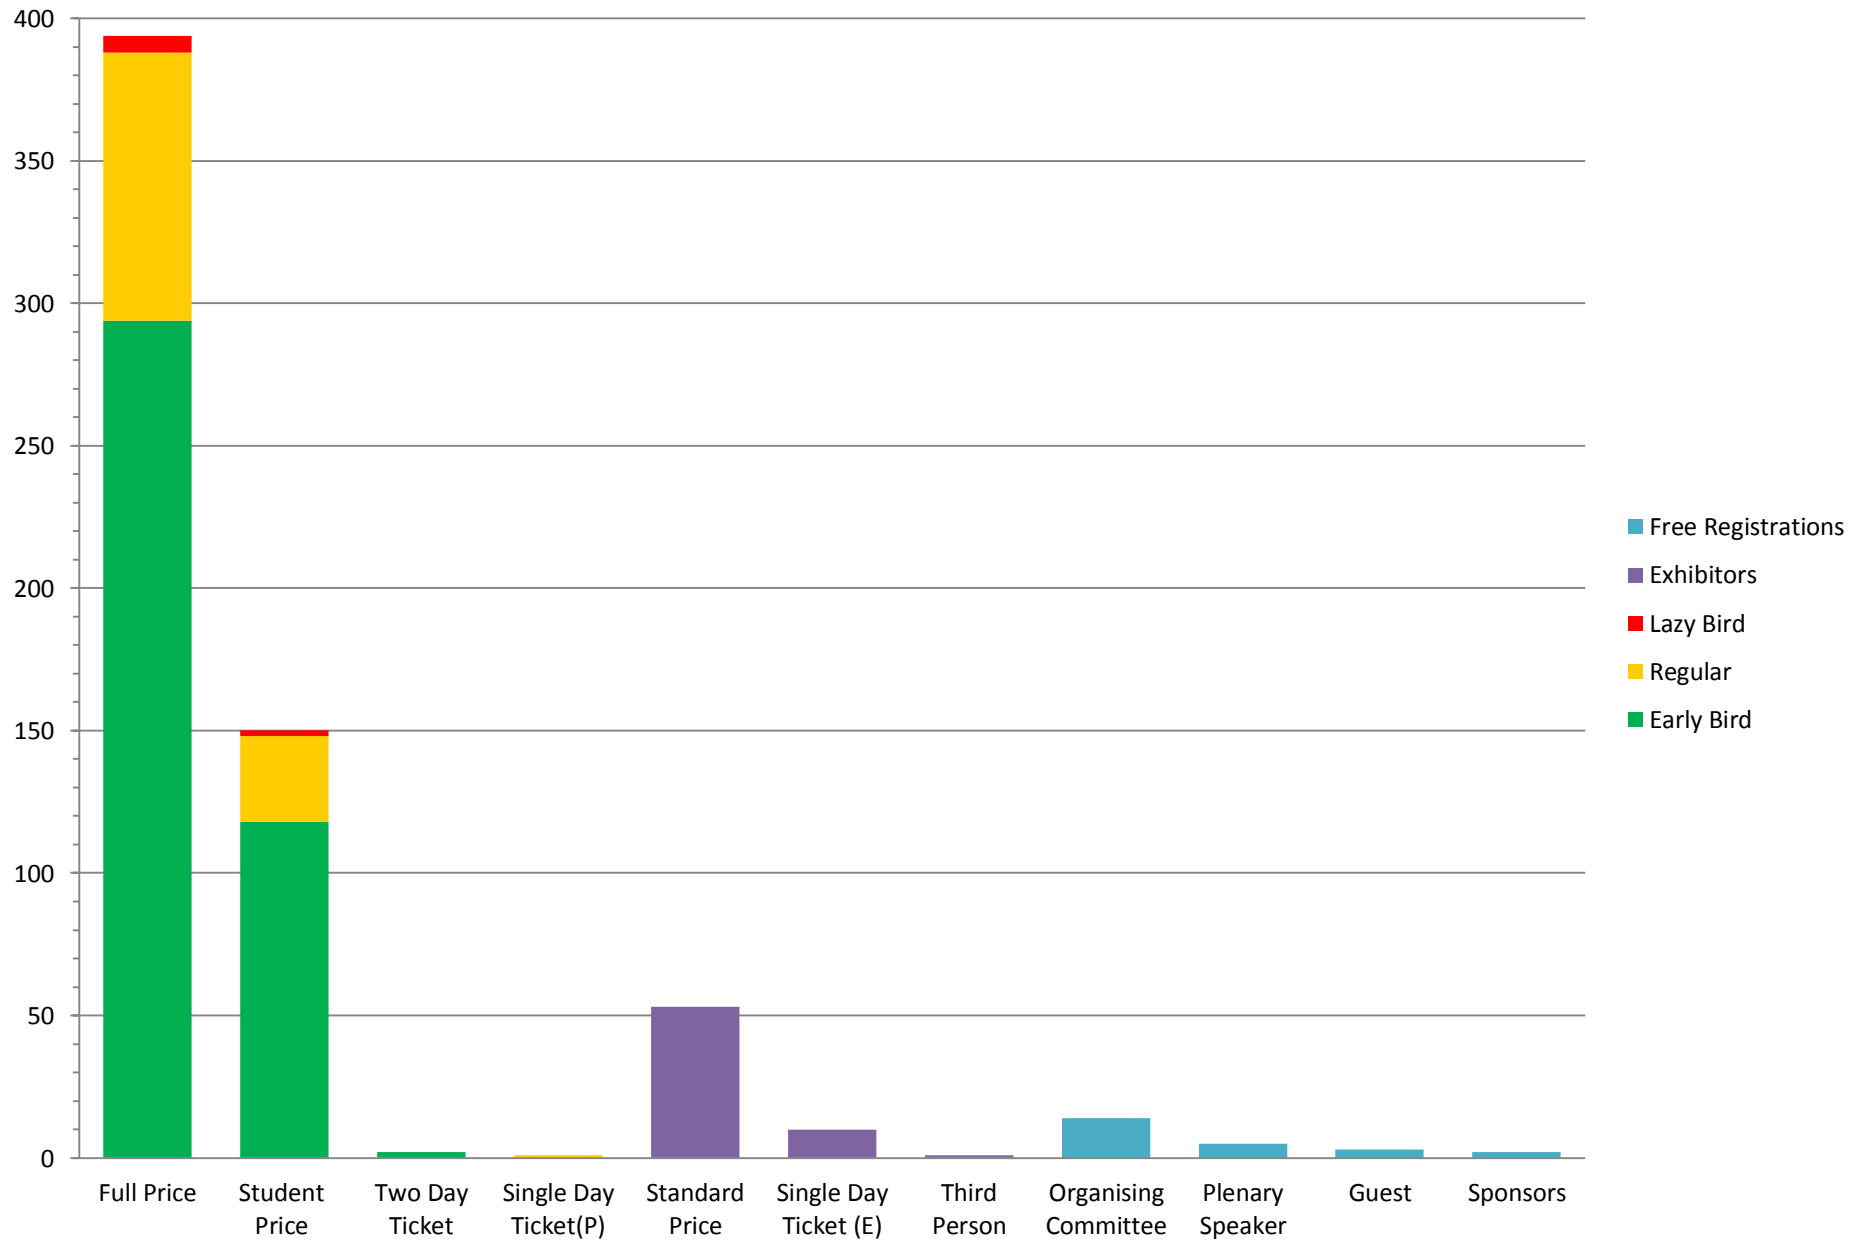

Statistics:

Submissions per country

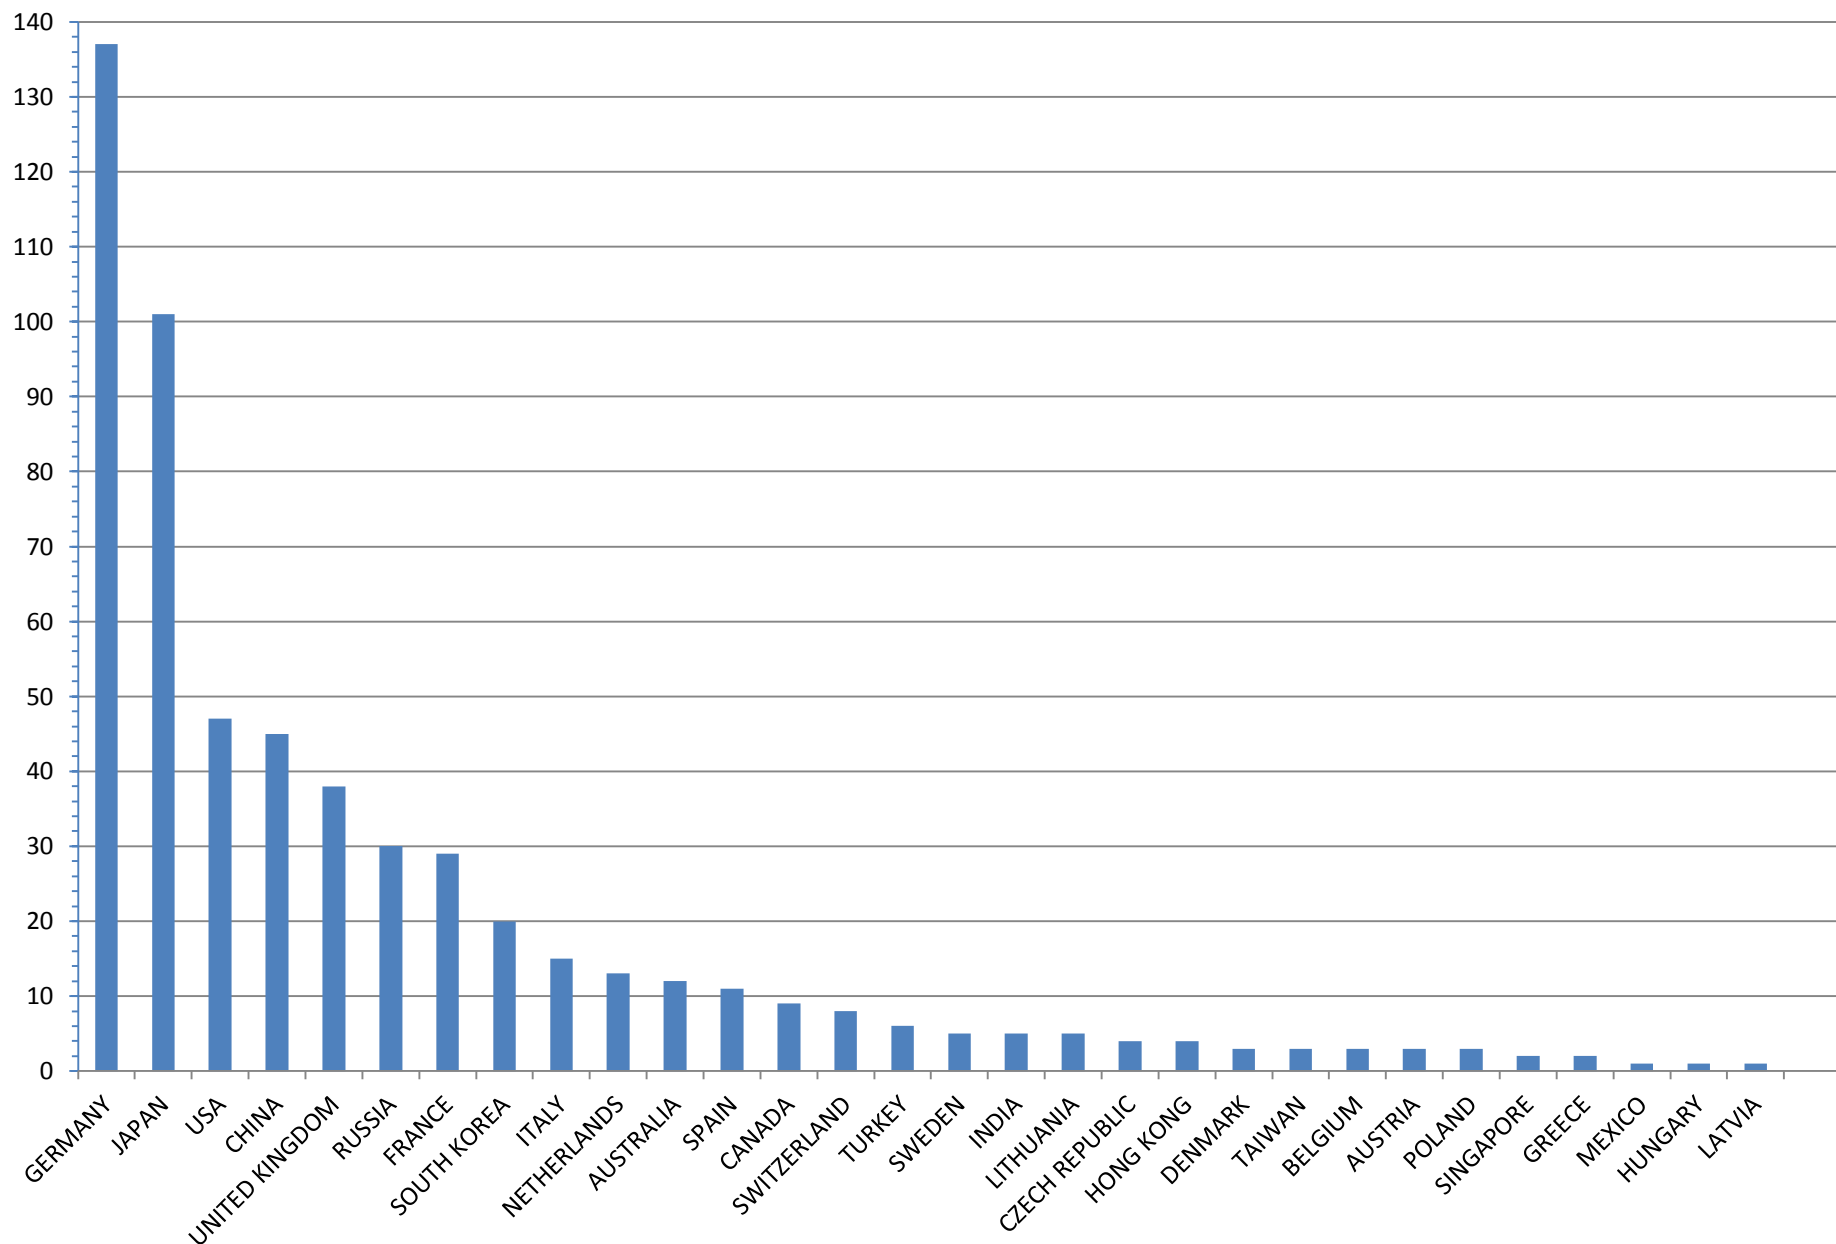

Participants per country

early bird, regular, lazy bird
students, regular
day tickets

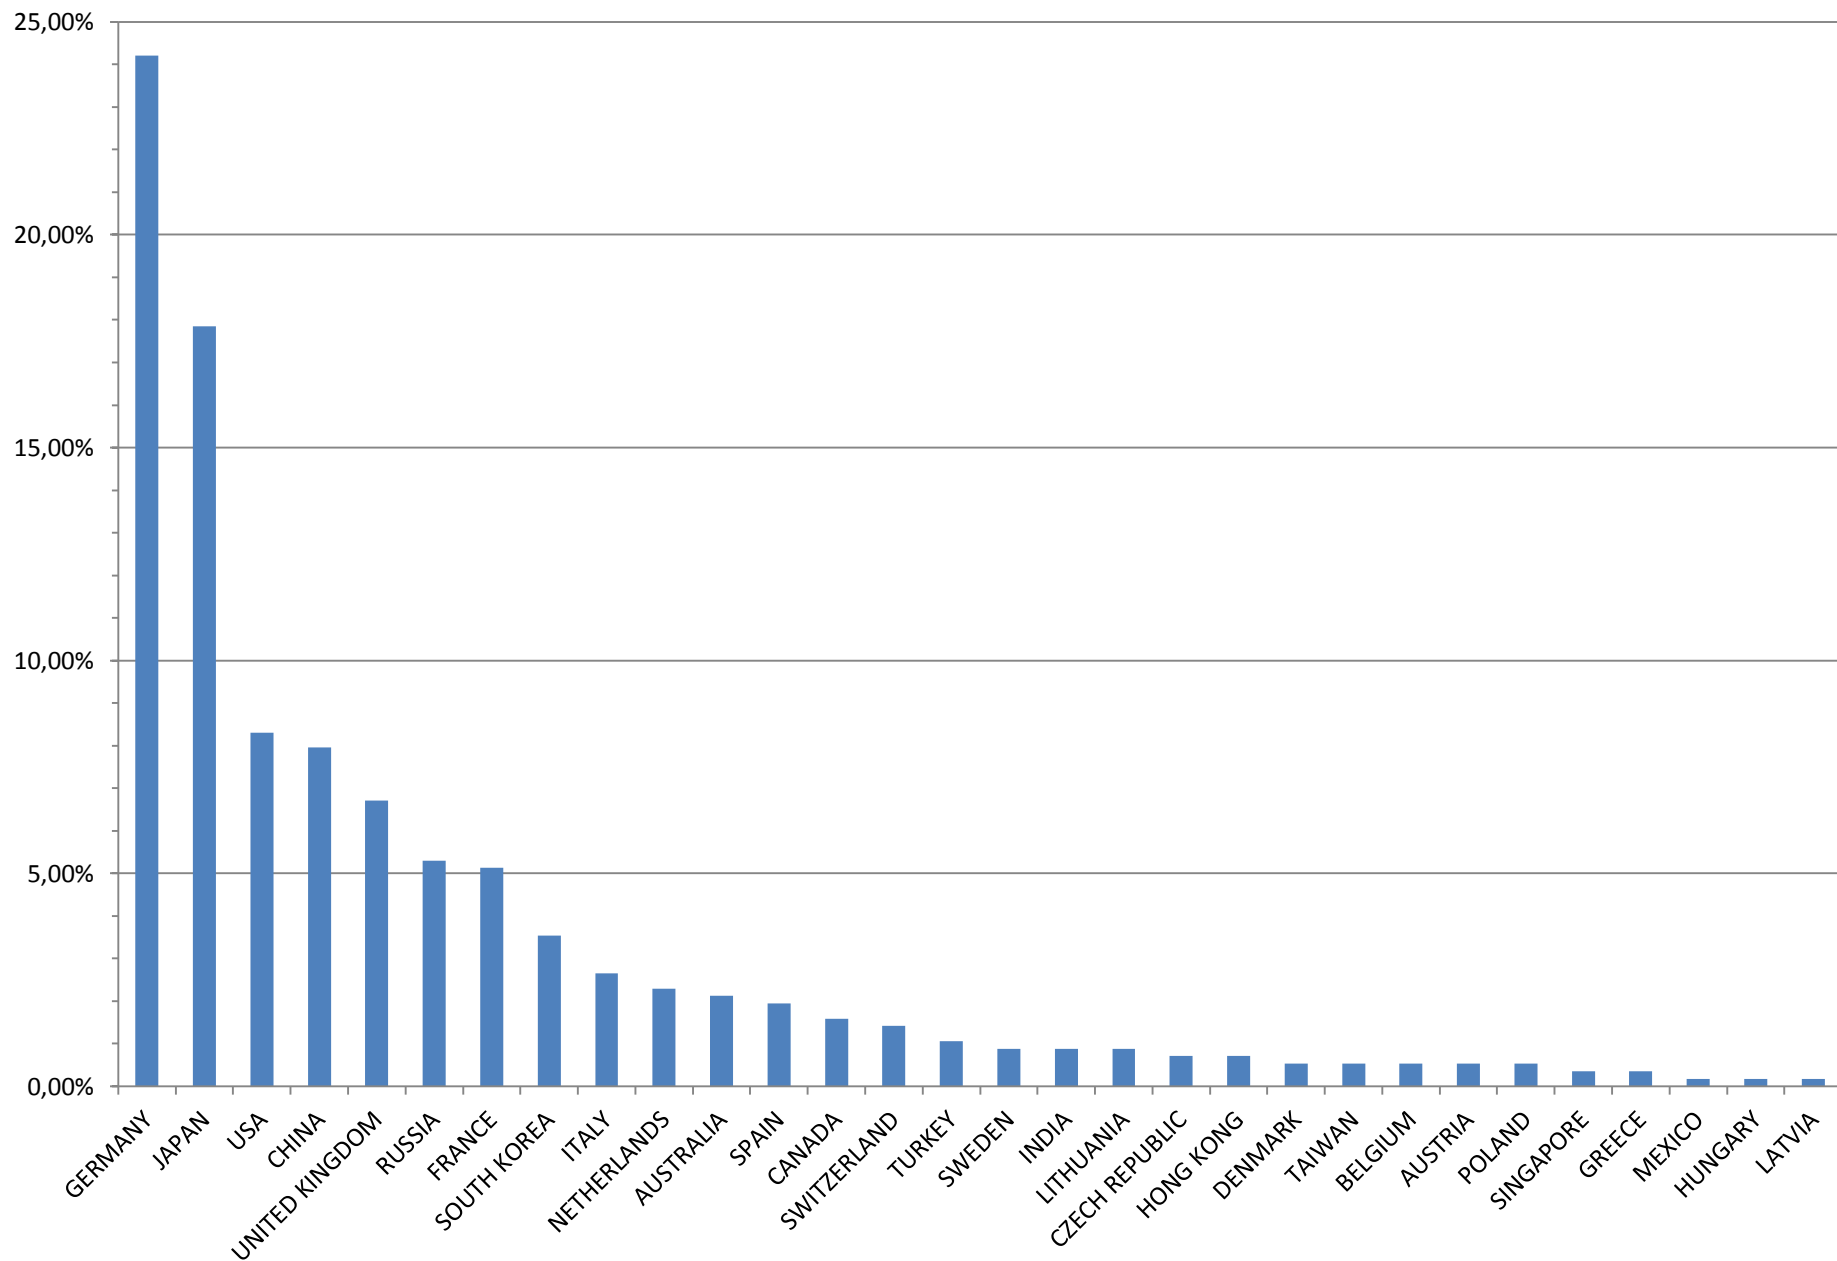

IRMMW-THz 2013: Number of Registrations per Type

IRMMW-THz 2013: Submission Ratio per Country

IRMMW-Thz 2013: Submissions per Continent

IRMMW-THz 2013

Summary

- **Good acceptance of the conference**
- **Large number of exhibitors (also) because of the location**
- **Sponsors from industry and public institutions**
- **Budget will allow for hosting fee**
