

ABSTRACT SUBMISSION (1 PAGE PDF IN IEEE STANDARD 2 COLUMN FORMAT)
(Please use the downloadable template that can be found on the Registration Page)

Corresponding Author Name (Last, First) _____

Corresponding Author title (Mr., Ms., Dr. Prof. etc) _____

Corresponding Author E-Mail Address: _____

Corresponding Author Affiliation: _____

Corresponding Author Phone (including country code): _____

Abstract Title: _____

Complete Author List: _____

Please Indicate your preference:

Oral Presentation (15 minutes) ____

Poster Presentation ____

Please indicate if this submission is for a PRE-INVITED Keynote or Plenary Presentation

Keynote Presentation (25 minutes) ____

Plenary Presentation (45 minutes) ____

Please choose the number (below) of the category which best fits your paper _____

Please choose an alternate category number _____

ABSTRACT TOPIC CATEGORIES:

1. New IR, THz and MMW applications in Biology and Medicine
2. IR, THz and MMW Astronomy, Atmospheric and Environmental Science Applications
3. IR, THz and MMW Spectroscopy, Instrumentation and Material Properties
4. IR, THz and MMW Applications in Security and Defense
5. IR, THz and MMW Imaging and Imaging Applications
6. IR, THz and MMW Industrial Applications
7. MMW and Submillimeter-Wave Radar and Communications
8. Ultra-fast Measurements in Chemistry and Physics
9. Terahertz Instruments; both Frequency and Time Domain
10. Transmission Lines, Waveguides and Antennas
11. Gyro-Oscillators and Amplifiers, Plasma Diagnostics
12. Free Electron Lasers and Synchrotron Radiation
13. Novel Devices and Components for IR, THz and MMW applications
14. Modelling and Analysis Techniques
15. IR, THz, and MMW Sources, Detectors and Receivers
16. IR, THz and MMW Future Applications, Markets and Directions
17. Other Topic not Listed Above
